

MALAWI

1. New sources of data

- 2009 National Micronutrient Survey
- 2010 Malawi Demographic Health Survey
- 2010 Comprehensive Food Security and Vulnerability Analysis
- Agricultural Production Estimates

2. Other countries and experts experiences

- UEMOA experiences in terms of
 - Advocacy and partnership
 - Success stories from specific countries within the region

3. Lessons learnt

- Every fortification requires multi-sectoral approach
- Standards could be integrated with system requirements like HACCP, ISO2200
