

Mozambique and Namibia

New sources of data identified

- FRAT Report, DHS 2003 MICS, FAO food stat, Vulnerability assessment, Child Mortality study

Lessons learned

- Highest level government initiative necessary
- Sound data analyze and shared
- Unbiased facilitation and/or genuine partnership

Questions for other countries and experts

- What framework or approach did Uganda/SA/Namibia/ Zambia/ Malawi to initiative in NFP?
- Need expert for FFI who can help whit the analyzing all data in the country to estimate the consumption.
- Information from others countries (Malawi) on experience with small scale fortification
